Where to Get a Revitalizing Facial in the Hamptons

By Christina Clemente | August 9, 2016 | [Style & Beauty](#)

In need of a skin reboot? Try one of these summer-approved facials.

From acupuncture and healing masks to cryotherapy and ultrasonic technology, salons around town will have you glowing all summer long.

RISE & SHINE

Whether you are looking for a lift or your skin needs that extra boost, Naturopathica East Hampton Healing Arts Center & Spa's newly updated Signature Natural Face Lift Facial will do the trick. Now incorporating the wellness hub's new Bio-Energy line, the treatment increases collagen and improves the elasticity of the skin

thanks to a copper and amino acid complex, while ultrasonic and micro-current technologies help to exfoliate and hydrate for an awakened complexion. *74 Montauk Hwy., East Hampton, 329-2525*

FOUNTAIN OF YOUTH

The Biopelle Tensage Stem Cell Cream used in Skin by Veronica's new, ultra luxe Luminosity Facial features proteins harvested from snail egg extract that trigger the ability to produce new skin cells, meaning more collagen and elastin. The unique ingredient is exclusive to the spa out East and has been shown to reduce wrinkles, soften texture, and even skin tone. Another plus? Clients will leave with an eight-week Tensage skincare protocol. *67 Hampton Road, Southampton, 259-2343*

ON POINT

Acupuncture expert Shellie Goldstein's Touch + Glow Freeze Facial addresses wellness from the inside out. Incorporating acupuncture and a cooling, antioxidant-packed mask, the relaxing treatment also includes Goldstein's Touch + Glow wand, which promotes lymphatic drainage to tone and lift sagging muscles. Available at A.Studio Day Spa, the icy facial stimulates circulation, eliminates inflammation, and will leave your face glowing. *10 Main St., East Hampton, 324-6996*

CHILL OUT

27 Hampton Salon's new Cryo-Facial, by way of cryotherapy, employs pressurized liquid nitrogen vapors to cool the face and trigger the body's natural repair processes, resulting in fewer wrinkles, smoother lines, and a brighter complexion. *27 Hampton Road, Southampton, 377-3107*
